Why a Shelter Operation?

By operating under **American Industries**® Shelter Program, the client obtains the following benefits:

- Lower start-up cost vs. a standalone operation
- Allows you to concentrate 100% on your manufacturing operation
- Trouble-free access to operating in Mexico
- Quick start-up, in just 9 weeks
- Full compliance with Mexican laws and regulations
- On-going consulting services
- ISO 9001-2015 certified
- Robust IT platform
- Minimum headquarters supervision required on administrative issues (optional)
- Minimal liability in legal, labor, and customs areas
- Maximize savings by taking advantage of our economies of scale

Shelter Program

The Shelter Program is a comprehensive package of administrative services which, along with your manufacturing expertise, will provide your company with everything needed to establish a successful operation in Mexico. This program includes:

- Human resources
- Accounting services and fiscal compliance
- Customs coordination and duties optimization
- Legal, operational, and environmental permits
- Purchasing of indirect materials, consumables, and services
- Labor management and union relationship
- Expatriate support
- Freight forwarding coordination
